

YOUR ONE-STOP SOLUTION PARTNER TO CONNECT YOUR MEDICAL DEVICE

How to increase adoption by both patients and healthcare?

Medical devices for preparation and/or delivery of liquid drugs can be complex for the patient and the professional staff.

Time consuming

number of steps, for the patient and professional staff

Imprecise

not accurate dosage

Multiple forms

Lyo, viscous, suspensions, emulsions, multitherapies, radiopharmaceuticals...

Not safe

Contamination, sharps injury, unstable formulations

Complex

heterogeneous mixing, dosing errors, user dependent

Expensive

need to minimize product loss

Our solution

Connect your medical device, with various solutions, according to your needs in order to improve patient treatment.

Connectable solutions to improve compliance

Our competencies

Electronics
Conception,
miniaturization and
mechanical integration

Software & embedded software ¹
with human-machine
interface easy-to-use to
fix dosage and fluidic
process

iOS & Android application
data tracking & sharing,
drug recognition, user
identification,
alarm and calendar

¹ Certified IEC 62304 for medical device software

Value proposition

- Personalized treatment
- Full dosage control
- Traceability
- Simple to use and reduced errors
- Time saving
- Automatic or assisted actuator
- Less product loss

- Time saving
- Easy-to-use for autonomy
- Reduced dosing errors
- Safety
- Faster time-to-market
- Devices platform
- Development tool
- Competitive advantage

 <p>2009 incorporation</p>	 <p>100% focused on medical devices design, development and manufacturing</p>	 <p>HQ in France (Grenoble) Office in US (Boston)</p>	 <p>~30 Employees 50% dedicated to R&D</p>
 <p>Recognized partners</p>    	 <p>Intuity® technology platform</p> <p>13 patent families</p>	 <p>Strong internal skills Microfluidics, Software, Electronics, Mechanics, Automation, Industrialization</p>	 <p>Strong Quality Management ISO 13485 IEC 62304</p>
